There may be a higher fidelity method of transmitting images to IDEXX. Our support team will be happy to assist in producing the most diagnostic image possible to ensure an efficient and accurate report.

These image types (.JPG, .PNG, .BMP, .JP2) have a moderate amount of information loss. DICOM image submission is highly recommended.

IDEXX Telemedicine does not interpret studies containing pictures of hard film.

For assistance with submission of DICOM images, please contact your support team.
