

Radiology Services Report (10870216-15/Radiograph Consult - Non-Urgent)**Completed 10/24/24 05:27 AM****Amended 10/30/24 12:15 PM****Patient Name:** BREEZY Love (31123-24)**Requesting Doctor:** Dr. Mike Morrow**Species:** Canine**Age:** 3Yr 3Mo**Gender:** Female**Breed:** Labrador Retriever**Weight:** 60.60 Lb

Presenting Complaint: Lameness/Neuro

History: Current clinical complaint (uncertain/cannot distinguish), Current clinical signs (other clinical sign/abnormality), Clinical summary and ortho/neuro exam findings (No issues, just evaluating conformation)

Physical Exam: Summary of PE findings (Not performed), Patient attitude/demeanor (bright)

Treatment: Tx Plan (no)

Other: Main clinical question/concern (Evaluation of hip and elbow conformation. This is a breeding animal.), Additional information (no)

PELVIS ELBOWS October 23, 2024: 3 views are provided.

FINDINGS: There is adequate coverage of the femoral heads by the acetabulum. The subchondral bone and articular surface of the coxofemoral joints and stifle joints are normal. No abnormal soft tissue swelling is noted. The pelvis is unremarkable.

The subchondral bone and articular surface of both ankle joints are normal. No degenerative changes are noted. The medial coronoid process is well-defined. There is no evidence of trochlear notch sclerosis. The anconeal process is fused.

CONCLUSIONS: Normal coxofemoral joints and elbow joints.**Requested By:**

For questions, please do not hesitate to contact me directly at TelemedicineSupport@idexx.com. Feedback or follow-up on patients is always appreciated! For URGENT questions, please call 1-800-726-1212 and speak to the first available radiologist if I am not available. This contact information is for veterinarian use only. Thank you.

Yseult Baeumlin, DVM, Dip.ECVDI
Radiologist

ADDENDUM 10/30/24 12:15 PM

There is a dictation error in the fifth sentence of the Findings. This sentence should read as follows: "The subchondral bone and articular surface of both ELBOW joints are normal."

The remainder of the report is unchanged.
